Continuous-close bookkeeping automation for small accounting practices

Team

- Founded by veteran CPAs alongside the former Xero applied-ML lead.
- Deep roots in mid-market accounting practices.

Traction

- Hit \$38,000 MRR in June 2026, entirely self-serve.
- 150 paying customers across the US and Canada.
- Revenue growing 19% MoM since launch.
- 97% logo retention since the paid launch.
- 9 pilots underway with regional accounting firms.

Product

- Automated reconciliation with a complete audit trail on each entry.

Market

- \$27B market for SMB accounting software, growing steadily.

Economics

- 82% gross margin at current scale.
- CAC of \$1,150 with a four-month payback.
- 18 months of runway post-raise.
